Antron® Lumena™ Nylon Fine

We make fiber. You make it matter. Say hello to Antron® Lumena™ solution dyed type 6,6 nylon, 895 fine denier. Sophisticated (in a svelte denier) but strong and dependable (never fear), Antron® Lumena™ 895 comes in more than 105 colors and works beautifully alone (thank you very much), but also plays wonderfully well with others like our 1245 denier. With more than 300 combined colors, the texture options are infinite. Inspired by global color trends, our palette is your playground. We've created 895 with depth of color, textural possibility, and above all, creativity in mind. Use its assortment of brights and neutrals to inspire your next work of floor-focused art. **Mix, match, and make something uncommon.**

Antron® Lumena™ Nylon Glimmers

We supply the fireworks. Your designs light the fuse. Say 'Oooo and Aaahh' to the expanded line of Antron® Lumena™ solution dyed type 6,6 nylon Glimmers. We started with just a few, but now there are more - accents are what these are for! Now in both Fine and Standard deniers, the Glimmer yarns will add spark to your best designs -- whether that is a low face weight creation or your most intricate pattern. These playful jewels will gleam and glint - when combined with any design, they are simply the perfect complement. **Infuse, interwine, and watch your uncommon design ignite!**

Antron® Lumena™ Nylon Standard

We take fiber seriously. You take it up a notch.

Holler “Hi there!” to Antron® Lumena™ solution dyed type 6,6 nylon, 1245 standard denier. Rough and tumble (in a sturdy denier) but artfully elegant (of course, my dear), Antron® Lumena™ 1245 comes in an exciting 200-plus colors and works beautifully alone (thank you very much), but also plays wonderfully well with others like our 895 denier to create perhaps the most extensive, utterly usable high-performance yarn system anywhere. This is style under pressure. A yarn with a robust color palette and time-tested performance in a heavier denier that holds a surprising secret: the ability to create rich textures without the need to skimp on color. Now, isn't that beautiful? Ok then, it's up to you. **Contemplate, cogitate, and make something uncommon.**

Antron® Legacy™ Nylon **Fine**

The fine line where design meets performance.

Say hey to Antron® Legacy™ type 6,6 dyeable nylon, fine denier. Gorgeously elegant (in a svelte denier) but always hardworking (never fear), Antron® Legacy™ fine offers more color possibilities than your typical double-rainbow and works wonderfully solo, but also plays well with others like our Antron® Legacy™ standard denier for versatile texture and stunning depth of design. This is color amplified and flexibility multiplied. The result? Your delight in creating new works of floor-focused art—energized. With full-spectrum color opportunities, Antron® Legacy™ is perfect for packing in more color per square yard than you can shake a stick at, and for fine tuning subtle hues like never before.

Twist, tweak, and make something uncommon.

Antron® Legacy™ Nylon Standard

The front line of uncommon design. Belt out a big howdy to Antron® Legacy™ type 6,6 dyeable nylon, standard denier. Smartly solid (in a hard-working denier) yet beautifully multi-purpose (let's make that clear), Antron® Legacy™ standard offers color possibilities that would make rainforest birds blush and works beautifully all by its lonesome, but also plays well with others like our Antron® Legacy™ fine denier for massive flexibility. This is color amplified and above all, choice multiplied. The result? Your delight in exercising your inspiration—intensified. Here, coloration is only limited by your imagination, and the keys to the creative kingdom (a very colorful place indeed), are yours. **Now plan, play, and make something uncommon.**

antron. 

1225-495 Mid Dull Light Acid Heatset Cut	1225-495 Mid Dull Light Acid Heatset Loop	1225-495 Mid Dull Light Acid Non-Heatset Loop
--	---	---

1245-296A Semi Bright Medium Acid Heatset Cut	1245-296A Semi Bright Medium Acid Heatset Loop	1245-296A Semi Bright Medium Acid Non-Heatset Loop
---	--	--

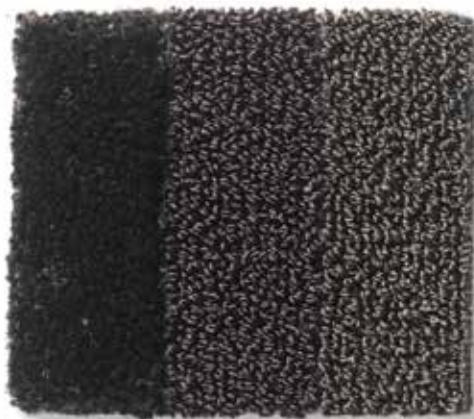

1245-496A Mid Dull Medium Acid Heatset Cut	1245-496A Mid Dull Medium Acid Heatset Loop	1245-496A Mid Dull Medium Acid Non-Heatset Loop
--	---	---

1270-427AT Semi Dull Deep Acid Heatset Cut	1270-427AT Semi Dull Deep Acid Heatset Loop	1270-427AT Semi Dull Deep Acid Non-Heatset Loop
--	---	---

1270-426A Semi Dull Medium Acid Heatset Cut	1270-426A Semi Dull Medium Acid Heatset Loop	1270-426A Semi Dull Medium Acid Non-Heatset Loop
---	--	--

1245-727A Bright Deep Acid Heatset Cut	1245-727A Bright Deep Acid Heatset Loop	1245-727A Bright Deep Acid Non-Heatset Loop
--	---	---

1245-497A Mid Dull Deep Acid Heatset Cut	1245-497A Mid Dull Deep Acid Heatset Loop	1245-497A Mid Dull Deep Acid Non-Heatset Loop
--	---	---

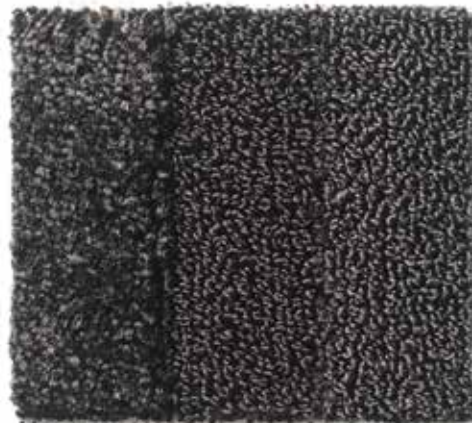

1245-494AT Mid Dull Medium Cationic Heatset Cut	1245-494AT Mid Dull Medium Cationic Heatset Loop	1245-494AT Mid Dull Medium Cationic Non-Heatset Loop
---	--	--

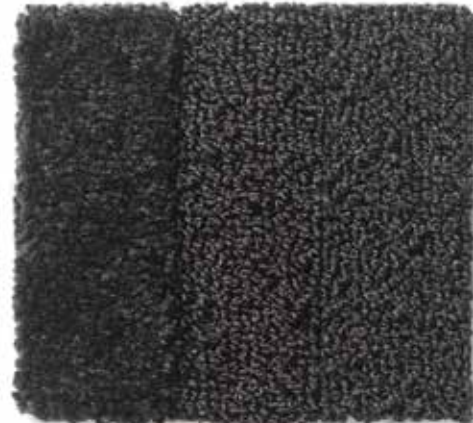

1820-497A Mid Dull Deep Acid Heatset Cut	1820-497A Mid Dull Deep Acid Heatset Loop	1820-497A Mid Dull Deep Acid Non-Heatset Loop
--	---	---

1245-294AT Semi Bright Medium Cationic Heatset Cut	1245-294AT Semi Bright Medium Cationic Heatset Loop	1245-294AT Semi Bright Medium Cationic Non-Heatset Loop
--	---	---

1245-797A Bright Deep Acid Heatset Cut	1245-797A Bright Deep Acid Heatset Loop	1245-797A Bright Deep Acid Non-Heatset Loop
--	---	---

1245-297AT Semi Bright Deep Acid Heatset Cut	1245-297AT Semi Bright Deep Acid Heatset Loop	1245-297AT Semi Bright Deep Acid Non-Heatset Loop
--	---	---

1245-794AT Bright Medium Cationic Heatset Cut	1245-794AT Bright Medium Cationic Heatset Loop	1245-794AT Bright Medium Cationic Non-Heatset Loop
---	--	--

1245-704AT Bright Medium Cationic Heatset Cut	1245-704AT Bright Medium Cationic Heatset Loop	1245-704AT Bright Medium Cationic Non-Heatset Loop
---	--	--

1620-296A Semi Bright Medium Acid Heatset Cut	1620-296A Semi Bright Medium Acid Heatset Loop	1620-296A Semi Bright Medium Acid Non-Heatset Loop
---	--	--

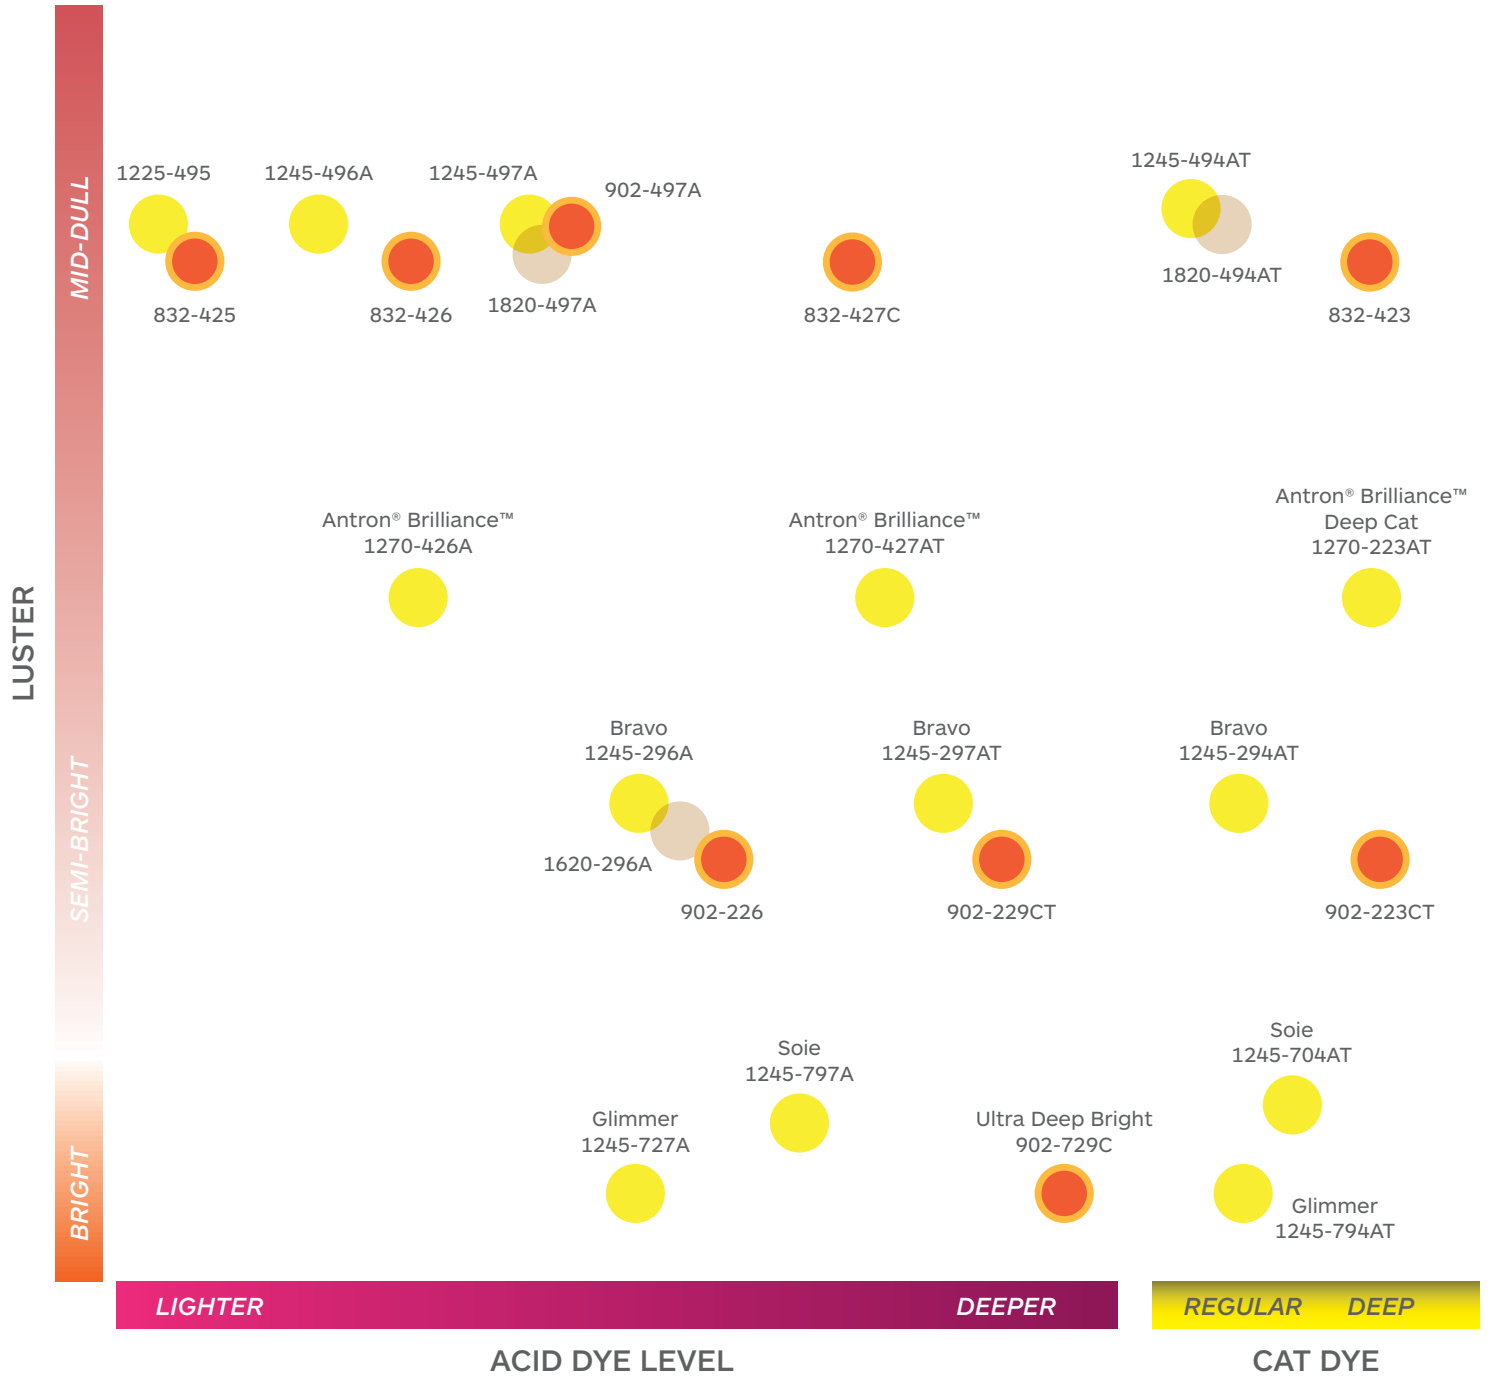

1270-223AT Semi Bright Deep Cationic Heatset Cut	1270-223AT Semi Bright Deep Cationic Heatset Loop	1270-223AT Semi Bright Deep Cationic Non-Heatset Loop
--	---	---

1820-494AT Mid Dull Medium Cationic Heatset Cut	1820-494AT Mid Dull Medium Cationic Heatset Loop	1820-494AT Mid Dull Medium Cationic Non-Heatset Loop
