

## Material Safety Data Sheet *Carpet Spotter*

Information/Emergency (888) 530-2259  
CHEMTREC 24 Hour Emergency (800) 424-9300

### NFPA Rating

H = 1; F = 1; R = 0

### Section 1: Identity

|                      |                                       |
|----------------------|---------------------------------------|
| Product Name         | <b>Carpet Spotter</b>                 |
| Supplier             | XL Brands North                       |
| Supplier Address     | 63 Water Street, Fall River, MA 02722 |
| CAS Number           | Proprietary mixture                   |
| WHMIS Classification | Not controlled                        |
| Chemical Name        | Proprietary mixture                   |
| Molecular Weight     | Not applicable – mixture              |
| Chemical Family      | Aqueous cleaning compound             |

\* All components of this product appear on the Inventory of Chemical Substances published by the U.S. Environmental Protection Agency (EPA) under the authority of the Toxic Substances Control Act (TSCA).

### Section 2: Hazardous Ingredients Information

| Reportable Components | CAS Number | Percent | TLV Value |
|-----------------------|------------|---------|-----------|
| None                  |            |         |           |

"No toxic chemical(s) subject to the reporting requirements of Section 313 of Title III and of 40 CFR are present."

### Section 3: Physical and Chemical Characteristics

|                            |                                              |
|----------------------------|----------------------------------------------|
| Boiling Point              | 212 °F                                       |
| Specific Gravity           | 1.00                                         |
| Vapor Pressure             | Same as water                                |
| Percent Volatile by Volume | 95%                                          |
| Vapor Density (Air=1)      | Same as water                                |
| Evaporation Rate (Water=1) | Same as water                                |
| Solubility in Water        | Soluble                                      |
| Appearance and Odor        | Clear liquid, little odor                    |
| Other                      | pH (7.0 – 9.0), VOC Content: 100 grams/Liter |

### Section 4: Fire and Explosion Hazard Data

|                                       |                          |             |               |
|---------------------------------------|--------------------------|-------------|---------------|
| Flash Point                           | > 212 °F                 | Method Used | ASTM D-93     |
| Flammable Limits in Air (% by Volume) |                          |             |               |
|                                       | Lower Non-flammable      | Upper       | Non-flammable |
| Extinguishing Media                   | Water, dry chemical, CO2 |             |               |
| Auto-Ignition Temperature             | Not determined           |             |               |
| Unusual Fire and Explosion Hazards    | None known               |             |               |

### Section 5: Physical Hazards

Carpet Spotter

Page 1 of 2

|                                  |                |
|----------------------------------|----------------|
| Stability                        | Stable         |
| Incompatible Materials           | None known     |
| Hazardous Decomposition Products | None known     |
| Hazardous Polymerization         | Will not occur |
| Conditions to Avoid              | None known     |

## Section 6: Health Hazards

### (Signs and Symptoms of Exposure: See Section 2)

|                                           |                                                                                                                                                                                                                                        |
|-------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Threshold Limit Value                     | Not determined                                                                                                                                                                                                                         |
| Acute Overexposure                        | EYE CONTACT: Avoid eye contact. Can cause eye irritation.<br>INHALATION: No effects are expected.<br>SKIN CONTACT: Prolonged contact can cause skin irritation.<br>SWALLOWING: Swallowing may cause stomach and intestinal irritation. |
| Chronic Overexposure                      | None known                                                                                                                                                                                                                             |
| Medical Conditions Aggravated by Exposure | None known                                                                                                                                                                                                                             |
| Toxicity                                  | No data available                                                                                                                                                                                                                      |

### Listed as Carcinogen or Potential Carcinogen by:

|         |    |
|---------|----|
| -NTP    | No |
| I.A.R.C | No |
| OSHA    | No |

### Emergency First Aid Procedures:

|              |                                                                                                                      |
|--------------|----------------------------------------------------------------------------------------------------------------------|
| Inhalation   | In case of overexposure move victim to fresh air. If breathing difficult, give oxygen. Get medical attention.        |
| Eye Contact  | In case of eye contact flush eyes with water for at least 15 minutes. Seek medical attention if irritation persists. |
| Skin Contact | In case of contact wash skin with soap and water.                                                                    |
| Ingestion    | If swallowed do not induce vomiting. Get medical attention immediately.                                              |

## Section 7: Precautions for Safe Handling and Use

|                                                       |                                                                                                  |
|-------------------------------------------------------|--------------------------------------------------------------------------------------------------|
| Precautions to be taken in handling and storage:      | Store at 40 - 110 °F as recommendation. Provide adequate ventilation in the workplace.           |
| Steps to be taken if material is released or spilled: | Cover small spills using inert absorbent, then sweep up and place in a waste disposal container. |
| Waste disposal methods:                               | Dispose of in accordance with Federal RCRA and applicable State and Local regulations.           |

## Section 8: Special Precautions and Spill/Leak Protection

|                        |                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------|
| Respiratory Protection | None required with adequate ventilation.                                                   |
| Ventilation            | General mechanical.                                                                        |
| Gloves                 | Impervious. Neoprene rubber recommended.                                                   |
| Eye Protection         | Safety glasses or splashproof goggles.                                                     |
| Other                  | Keep containers closed and properly stored. Maintain an eyewash facility in the work area. |
| Transportation         | D.O.T. Emergency Guide No.: Not regulated                                                  |
