

No moisture, low moisture cleaning solutions

COMMERCIAL GRADE

Carpet Spotter

General purpose carpet cleaning pre-spray
Concentrate

Grab Carpet Spotter is a professional grade cleaner ideal for everyday spots and stains. The encapsulations technology penetrates and encapsulates soil and stains—and dries quickly for easy vacuum removal. Absolutely safe for use on nylon, wool, and stain resistant carpets and rugs.

Grab Carpet Spotter can also be used as a pre-treatment cleaner when used with **Grab Dry**®.

Product Guide

Grab® Carpet Spotter

General Cleaning	High-Traffic	Spot Removal	Dry Cleaning	Low Moisture	Carpets
		●	●	●	Pre-treater for Grab® Dry

How to use

Before Use: Always test a hidden section of the carpet for color-fastness. For dry stains or spots, vacuum area to be treated first to remove any loose soil. For wet stains or spots blot the area with a dry, clean colorfast cloth or sponge to remove any excess material.

As a pre-treatment:

Lightly spray the area to be cleaned completely before applying **Grab Dry**®.

For Spots and Stains on Carpets and Rugs:

Spray **Carpet Spotter** directly on the stain or spot. Use care to wet the spot, without over-saturating the carpet.

Gently massage the spotter into the soiled area using a clean dry cloth, lightly dampened sponge or a nonabrasive brush working toward the center of the stain. Blot any residual moisture from the area until the stain or spot no longer transfers from the carpet to the cloth or sponge. Reapply and repeat this step until stain or spot is removed.

Vacuum the area thoroughly after drying to remove crystals and encapsulated soil.

pH 7.5
