Upholstery Pre-Spray

Agitate with a horsehair brush

How to Use

Test **Grab Upholstery Pre-Spray** in an inconspicuous area for dye and fabric stability.

Medium to heavy soil: Dilute one part **Grab Upholstery Pre-Spray** with one part warm water.

Extra heavy soil: Use as is. Do not dilute.

APPLICATION:

- Step 1:** Apply evenly to soiled areas.
- Step 2:** Agitate with a horsehair brush.
- Step 3:** Allow to dwell for 5 to 10 minutes but do not allow to dry before extraction.
- Step 4:** Extract using **Grab Upholstery Rinse**.
