SUPERIOR PERFORMANCE

DESIGN AND ENGINEERING

With an amazing velocity of 3000 CFM at a super-low 2.3 amps, the **Aviator™ Axial Fan** is uniquely designed with 360-degree stacking for easy loading and storage. It's lightweight with an ergonomically-designed handle and convenient cord wrap for easy transport and maneuvering. Comes complete with an hour meter to monitor usage.

FEATURES

- The most powerful blower in its class with a velocity of 3000 CFM.
- Built-in GFCI outlet makes it easy to daisy-chain multiple on a single 15-amp circuit.
- Hour meter monitors usage.
- Exclusive 360-degree frame allows for easy stacking of units.
- Circuit breaker protects air mover and attached devices.
- Durable polyethylene housing in granite color that retains its brand-new appearance.
- Only 2.3 amps!

WARRANTY

2 years on parts & labor, lifetime on rotationally-molded housing.
