

SURFACE CARE

The RD Weis Surface Care program is
the single source, standardized maintenance solution
for your entire organization

The RD Weis Surface Care program is comprised of key components that create clean and healthy facilities

Spotlight On:
Tile & Grout
Protection & Restoration

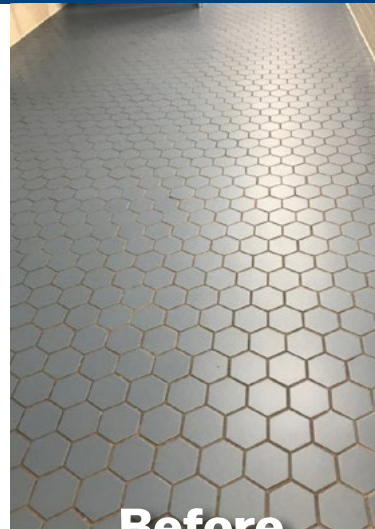

We specialize in hard to clean or out-of-date bathroom floors and walls and transform them into beautiful, vibrant spaces.

Here's what we do!

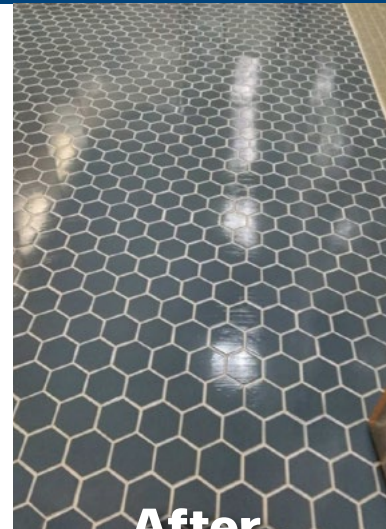

Grout Sealing – we clean and color seal the grout, creating a “like new” appearance that stops dirt from penetrating the grout. Our color sealant uses technology that prevents bacteria from forming.

Tile and Grout Sealing – provides a coating that allows tile and grout to be easier maintained.

Tile and Grout Transformation – we can change the color of the tile and grout, creating a floor that is uniform in color and easy to clean.
